OUR INCOMING STUDENTS

KRZYSZTOF MLYCZYŃSKI, POLAND, ERASMUS INTERN

The first question I heard before leaving my country was: why Turkey? I wasn't able to explain it in simple words. Today, I would simply say: Turkey, that's obvious! A place where the history meets the present, and different cultures exist side by side. A country of wonderful and helpful people. Coming for Erasmus at Osmangazi University was the best choice, and working in PR Office with a great team gives, what is most important, satisfaction and certainty that the time spent in Eskisehir will not be wasted. I met wonderful people, friends I hope, I made my dream come true and, what is most important, learned a lot about myself. I gained a place that I will never forget and will always be willing to come back to.

OUR INCOMING STUDENTS

DOROTA PODSTAWKA, POLAND, ERASMUS INTERN

I spent almost half of the year in Eskisehir doing internship in the International Relations Office and I can say it was very enriching and quite life-changing experience. I really fell in love with the city – a small and calm student city with charming parks and long picturesque path along the Porsuk river. My stay here was also first ever time I came to Turkey, a country whose culture, language and cuisine I have been passionate about for a long time. During working and travelling across the country, I had a chance to experience a great kindness and hospitality of people, I also faced some more or less significant cultural differences. I faced with overwhelming crowding of Istanbul and had to change completely my perception of crossing the street. I tasted the most amazing and unique dishes, I also drank hectoliters of çay. Being here was also exceptional opportunity to improve my Turkish and learn many interesting words and expressions I would never find out about from books. I will never forget moments I lived here and surely I will come back here many times.

OUR INCOMING STUDENTS

IULIAN IACOB, ROMANIA ERASMUS STUDENT

In the beginning, I need to say that Eskisehir got into my heart forever. That's because it's very beautiful and I really loved the old town with those coloured houses, the Selale and Kent parks. Also I liked the Modern Art Museum, which is a must see in my opinion. In a nutshell, it's perfect for a student because it has many places to go out like museums, parks and pubs; it's not very crowded and you can find anything you want here.

YENER IBADULA, ROMANIA ERASMUS STUDENT

I think that Eskisehir was actually the best place for my Erasmus. As a student, it is the perfect city because you can find something new to do every weekend. The price range for everything is quite cheap and there are lots of places to visit. I will definitely try to visit Eskisehir in a few years.
